Experience in production, partnership in projects

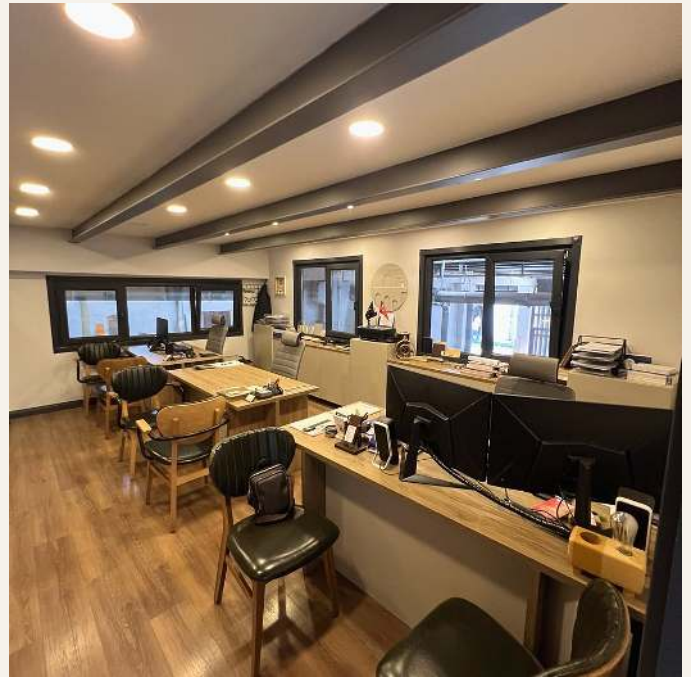

Integrated project furniture solutions since 2007.

Founded in 2007, Artımsan Ahşap is a project furniture manufacturer operating in a 700 m² production facility located in the İkitelli Lumber Industrial Estate in Istanbul.

Together with our experienced architectural team, we develop solutions tailored to client requirements and project details. Our technology-driven machinery enables fast, precise and reliable production. We manufacture custom, series, flat-pack and modular furniture solutions and provide secure domestic and international delivery.
